

ELITE

PRECAST CONCRETE

Creating **secure signage barriers** that are perfect for rail platforms

With secure fastenings and the capacity to secure electric cables within the unit, the Jersey-Lite™ barrier solution is proving perfect for rail platforms.

- Easily handled
- Slots for easy placement
- Weighs just over 700kg
- Moveable by pallet truck

L x W x H (mm)	Weight
1200 x 605 x 780	705kg

Designed with rail security in mind and the ability to house the cabling for CCTV or lighting, Jersey-Lite™ prevents people from entering dangerous areas and unwanted visitors, whilst being easily removable and repositioned should emergency access be required and illuminates any signage needed.

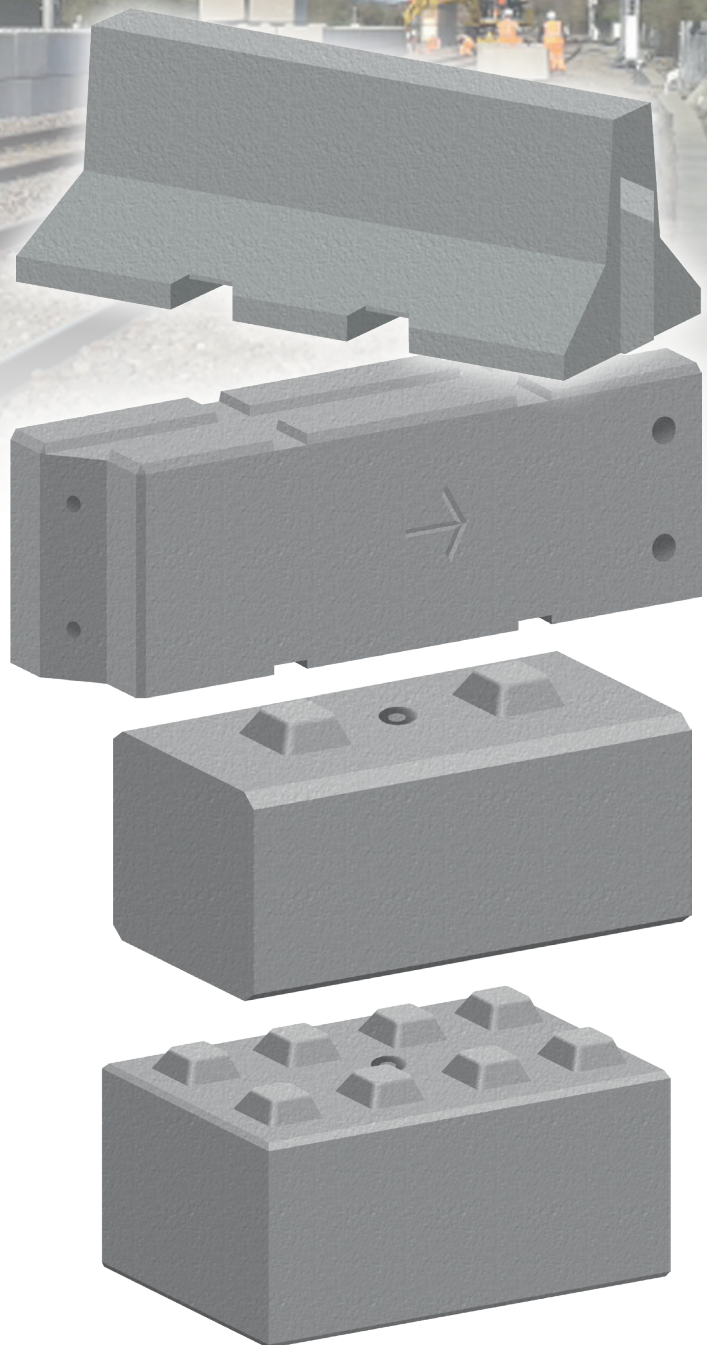

Along with the larger Jersey barrier, Jersey-Lite™ barriers are also ideal for traffic management, flood defences, site security and event organisation.
